Dear Parents,

### **Online teaching:**

Pursuant to the lockdown declared by the Government, the regular classes could not be started from the beginning of the new academic session 2020-2021. However, in order to complete the courses of study up to 1<sup>st</sup> Unit test, an alternative digital timetable has been prepared, so that teachers can regularly take online classes through digital platform. In addition to that the Management has procured e-links / QR Scan Codes of different books which are taught in the online classes and the teachers have been instructed to pass it on to their respective students for self-study and revision. That apart our teachers have been asked to encourage the students to send their doubts / required clarification through WhatsApp to the subject teachers.

Parents are requested to encourage their wards to attend online classes on time and complete the assignments given to their wards on regular basis. After completion of the course up to 1<sup>st</sup> Unit test, the online revision classes will continue till 15<sup>th</sup> June and the teachers have been asked to continue their comprehensive evaluation of students and address, especially to the slow learners. Parents' cooperation during digital teaching and assessment is highly solicited.

In the worst case scenario, if the school will not be reopened after summer vacation, the 1<sup>st</sup> Unit test will be conducted online which will include oral test to access the content knowledge of the student. In the event the school is opened after the summer vacation, then there will be regular Unit test and the time table for the Unit test will be given to the students on time.

The Management has been taking all possible steps to ensure uninterrupted teaching and evaluation for the Academic year 2020-2021 for the greater interest of the Students.
