

## QUESTION BANK

### Chapter -1

#### EVOLUTION OF COMPUTERS

##### A.MULTIPLE CHOICE QUESTION

1.Which language was mainly used in first generation computers?

- A. High-level language
- B. Machine language
- C. Python
- D. Java

Answer: B. Machine language

2.Fifth generation computers are based on:

- A. Vacuum tubes
- B. Artificial intelligence
- C. Transistors
- D. IC chips only

Answer: B. Artificial intelligence

3.Which type of computer has the highest speed and storage capacity?

- A. Minicomputer
- B. Microcomputer
- C. Supercomputer
- D. Mainframe computer

Answer: C. Supercomputer

##### B.FILL IN THE BLANKS

1.A laptop is a type of \_\_\_\_\_ computer.

Answer: portable

2.The first generation computers were developed between \_\_\_\_\_ and 1956.

Answer: 1940

3. Integrated Circuits were used in the \_\_\_\_\_ generation of computers.

Answer: third

C. TRUE OR FALSE.

1. Desktop computers can be carried easily in a pocket.

False

2. Supercomputers are used for weather forecasting.

True

3. Third generation computers consumed more electricity than first generation computers.

False

E. Answer the following

Q1) Write any two differences between first and second generation computers?

A1)

| <b>First Generation Computers</b>                       | <b>Second Generation Computers</b>                        |
|---|---|
| First generation computers used <b>vacuum tubes</b> .   | Second generation computers used <b>transistors</b> .     |
| They were <b>large in size and produced much heat</b> . | They were <b>smaller in size and produced less heat</b> . |

Q2) State two features of fifth generation computers?

A2) Two features of fifth generation computers are.

a) They have large storage capacity.

b) They are based on artificial intelligence

## CHAPTER-2

### MORE ON WINDOWS 10

#### EXTRA QUESTIONS

##### A. Multiple Choice Questions

1. Which program is called a rich text editor?

- a) WordPad
- b) Paint
- c) Character Map
- d) Snipping Tool

Answer: WordPad

2. Which of these is a default application in Windows 10?

- a) Paint
- b) Chrome
- c) YouTube
- d) WhatsApp

Answer: Paint

3. Which program is used to create simple text files?

- a) Paint
- b) WordPad
- c) Notepad
- d) Calculator

Answer: Notepad

##### B. FILL IN THE BLANKS

1. Windows 10 is an operating system.

2. Windows Media player is used to play audio and video files

3. Snipping tool saves the snips in JPG, GIF or PNG format.

**C.TRUE OR FALSE**

**1.We press CTRL+N to open new browser-True**

**2.We press CTRL+T to open new tab-True**

**3.WordPad cannot insert pictures. False**

**D.Name the following.**

**1.A tool used to insert special symbols — Character Map**

**2.A tool used to capture screenshots — Snipping Tool**

**3.A program used for drawing pictures — Paint**

**E.Answer the following.**

**Q1)Name any two applications of Windows 10.**

**A1)Notepad and Paint.**

**Q2)What is WordPad?**

**A2)WordPad is used to create and edit formatted documents.**
